DETAILED ACTION

1. This office action is in response to RCE dated: 3/8/2007. Based on this RCE, IDS dated: 3/8/2007 is required to be considered, and claims 1-13 and 42-59 are pending.
2. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114.

Information Disclosure Statement

3. The information disclosure statement (IDS) submitted on 3/28/2007 was filed after the mailing date of the Notice of allowance on 1/16/2007. The submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

Allowable Subject Matter

4. Claims 1-13 and 42-59 are allowed.

REASONS FOR ALLOWANCE

5. The following is an examiner's statement of reasons for allowance:

The prior art of record does not disclose, teach or suggest directly, or indirectly the following limitations in combinations with other limitations of the claims, as follows:

As recited by claim 1,

“a multi-dimensional switching fabric coupled to said first processing domain and said second processing domain to provide peer-to-peer packet communication within said processing system on multiple orthogonal routing planes, a first plane providing all of the routing for intra-domain packet communication between any two or more processing nodes included in the first plurality of processing nodes, and separately providing all of the routing for intra-domain packet communication between any two or more processing nodes included in the second plurality of processing nodes, and a second plane providing all of the routing for inter-domain packet communication between the first processing domain and the second processing domain”.

As recited by claim 42,

“a multi-dimensional switching fabric coupled to each of the plurality of processing subsystems to provide peer-to-peer communication within the system on multiple orthogonal planes, including a first plane providing intra-domain communications, a second plane providing inter-domain communication within each of the plurality of processing subsystems, and a third plane providing communication among the plurality of processing subsystems”.

As recited by claim 53,

“receiving an information packet at a multi-dimensional switching fabric;
determining whether the information packet is to be transmitted on a first plane or a

second plane; and transmitting the information packet on the first plane or the second plane”.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”

Conclusion

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Inder P. Mehra whose telephone number is 571-272-3170. The examiner can normally be reached on Monday through Friday from 8AM to 5PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner’s supervisor, Joseph Feild can be reached on 571-272-4090. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
